ABOUT US

Who We Are

Macrotech Computers is an enterprise IT infrastructure company based in Rahim Yar Khan, Pakistan, founded in 2005 by Muhammad Javed Muslim. With over 20 years of hands-on experience, we deliver reliable server solutions, networking, printer support and managed IT services to businesses across Pakistan — and remotely, worldwide.

Our biggest project: a full multi-site datacenter for JDW Group — one of Pakistan's largest industrial companies — built in 2017 and fully upgraded years later. When a client trusts you twice with live production systems, you know you did it right.

OUR SERVICES

Core Specialisations

Server Sales & Support

Dell PowerEdge, HPE, custom builds. VMware ESXi, Windows & Linux Server deployment, iDRAC remote management, RAID configuration (0/1/5/10).

Printers & MFDs

HP, Canon, Kyocera, Epson, Brother, Ricoh — sales, service contracts, toner supply, network printing setup and hardware repair.

Cloud & Remote IT

Microsoft Azure VM deployment, DNS zones, cloud backup, remote monitoring and 24/7 support for clients worldwide.

Networking Solutions

Cisco routers & switches, firewalls, Wi-Fi 6, SD-WAN, VLANs. Full network design, implementation and ongoing management.

Virtualisation

VMware vSphere 8, vCenter 8, High Availability (HA), DRS, vMotion. Build, migrate and manage full VM environments.

Database & Storage

SQL Server HA deployment and administration, NFS, iSCSI, DRBD replication, SAN concepts and Dell PERC RAID.

WHY CHOOSE MACROTECH

20 Real Years

Not certifications — real clients, real servers, real problems solved since 2005.

Everything Documented

After every project — full clear notes on what was done, how, and what to do if anything goes wrong.

Enterprise-Proven

Built and upgraded JDW Group datacenter across multiple industrial sites in Pakistan.

Remote-Ready Worldwide

iDRAC remote access means we can manage your servers without travelling to your location.
